## What We Are Learning!

We worked on the letter S with our HWT Program using Play-Doh, iPads, chalk boards, and paint doobers. We spent the week learning about Space and Stars through books and videos. We painted a moon and a solar system, stamped a night sky, did a space maze and a rocket color by shape, wrote in our journals about the moon, and made a book about space words. The littles enjoyed reading the books to their 8<sup>th</sup> grade buddies. We counted moon rocks and had a rock toss, and even made our own moon sand. We also rotated through several math centers and practiced the numbers 1-10. We continue working on name writing. In Religion we talked about our virtue for 3<sup>rd</sup> quarter and all the ways we can show kindness.
