1st Quarter Virtue: *Self Control*

Here's What We're Working On

Math: The skills are very simple. ☺ Our Kinders are learning to work in a structured setting, sitting at a table with other children and following directions. The focus for our little learners is to LISTEN to & FOLLOW directions in the time provided.

First we do the exact page projected on the board as a whole group, then students complete it independently at their seat.

Literacy: We will continue to work on one one-to-one correspondence with words & pictures, "touch reading" as the pointer finger moves left to right across the page.

Everything in KDG is an Easy Fix!

Problem-solving is an important part of the learning process. Encouraging children to come up with a strategy to fix a mistake (& knowing I won't be "mad" if they've made a mistake) will result in more brain growth!

Golf Scramble

Fun Fun Fun! Rockets Foundation Golf Scramble is always tons of fun! Get your 4 man team together or ask about joining a team.
