

# MRS. WHITNEY'S PRESCHOOL NEWS

## WHAT'S HAPPENING IN PS!

What a fun first few days of preschool! The littles loved getting to know one another as we began learning each others names and what we liked to do! . They were all so excited to make new friends!

These first few weeks we will be learning about one another, learning our classroom rules and my expectations, and just exploring the classroom! I will begin assessing next week so I know what our starting point is for learning this year! I can't wait to see what your little knows and how much they retain over the next few months!

The Mt. Carmel Police Dept has asked us to not park on the road before 2:45 pick up time. If you do get to the school before 2:45, do not line up in the road - but you can find a parking spot along the front of the church. Thank you for your cooperation!

If your little has not brought a water bottle, please send one in with them. :) We are not using the water fountains in the hallway - so it's nice to have a drink when we come inside from playing!

The littles loved doing art class and meeting Miss Beck! It's sure to be a fun year making all kinds of messes! I'm so excited for this class and I can't wait to watch them grow!  
HAVE A GREAT WEEKEND!

Our Focus ↘

WELCOME!
