

6th Grade Weekly News

September 8, 2023

Mrs. Kalie Naas--knaas@smsrockets.net--812-431-0831

From the Desk of Mrs. Naas:

I hope everyone enjoyed their Labor Day weekend! It was a good, short week in 6th grade!

Mrs. Wissel has organized a field trip for us to visit St. Meinrad in Ferdinand, IN on Wednesday, September 20. There is a permission slip and information letter attached to this letter today. Please return asap.

We have been invited to participate in MCHS Homecoming Week Dress up Days-September 18-22. The list of days is attached to this letter. If your child doesn't want to participate, no problem! They will need to come dressed in school uniform.

Next Wednesday is midterm for 1st quarter already! Did you know that you can check your students grades in the FACTS Family Portal? This is the same website that you used when you registered your student online. I have had all students create their own accounts and they are able to keep track of their grades. We iterate that it is very important to check grades often, and I encourage you to do the same :-)

Please continue to check your students backpack and agenda every day! There is almost always papers that need to be seen or signed.

I truly enjoy having your kids in my class this year-I cherish everyday with them! They are such a fun group to teach. Keep up the great work at home and in their heart!

Have a great weekend!
