What We Are Learning!

We worked on the Letter E this week with our Handwriting Without Tears (HWT) Program using Play-Doh, iPads, chalk boards, and paint doobers. We read and sang songs about Johnny Appleseed, rolled dice and colored number apples, colored by number, and painted seeds in apples. The littles enjoyed our exploding apple volcanoes experiment and wrote in their journals. We cut open apples to see the star and then painted AB patterns. We finished the rest of our apples by making apple pie in a cup. It was warm, gooey, and delicious! We rotated through several fun science centers and practiced name writing. In Religion we talked about the many different choices we make every day.
