

2ND GRADE NEWS

Week of October 9, 2023

We have a very short week next week! We will use Tuesday and Wednesday to review skills we've learned up to this point in our school year. We will also review for our Unit 3 Math Test on Tuesday and have our Unit 3 math test on Wednesday.

We head to the apple orchard on Thursday with 1st grade and are looking forward to our field trip. Just a reminder that your child can buy a school lunch to be sent on the trip, or you may send your own as long as everything may be thrown away. We will be wearing school uniforms; tennis shoes would be best for our exploring!

From Student Council:

The Student Council invites you to join our school in collecting items for the Wabash County Animal Shelter now until October 25. Most needed items include dry/wet dog & cat food, bleach, med-large dog collars, & Comet. A complete list is on the flyer that was sent home. Thank you for helping us do "Small Things with Great Love."
