## What We Are Learning!

We have been enjoying the beautiful weather by getting outside as much as possible. We talked a lot about fire prevention and safety, read books, watched video clips, and toured some fire stations virtually. We had a practice fire drill with the fire department and the littles did wonderful. Do you have a plan at home in case of fire or emergency? We traced fire truck shapes, did a firehouse picture search, and colored by diagram a firefighter gear page. We practice fine motor skills by cutting and gluing fire dogs in numerical order, and rolling Play-Doh water drops on a fire diagram. The littles enjoyed hanging out with their big buddies during gym time. In Religion we talked about how we can welcome friends to celebrate with us.
