## What We Are Learning!

We have been learning all about plants this week. We made a diagram of plant parts, cut and glued a dandelion parts puzzle, did an alphabet dot to dot flower, planted our own flower seeds, and tasted food from seeds to roots. We painted flowers using sponges, forks, and even celery stalk ends! They turned out so pretty! We celebrated Earth Day by reading books, watching some cool videos, coloring, and journal writing. We worked on the letter Y with our HWT Program using Play-Doh, iPads, chalk boards, and paint doobers. In Religion we talked about people who help others. In Art Class they planted flower seeds in their own flower pot that they had painted.
