What We Are Learning!

We had another great week learning all about bugs/insects through books, videos, and hands on activities. We did a color by number bee and caterpillar, color by shape butterfly, cut and glue insect parts puzzle, and a life cycle of a butterfly. We also did lady bug spots, an insect search, wrote in our journals about pet bugs, made a cute bee, and even made fireflies with our fingerprints. We played with some cool fake bugs in different types of blocks, and looked at some real bugs with magnifying glasses. We have our very own Ladybug Land where we are observing the Larva stage. We also rotated through several fun math and science centers. In Religion we have been working on our patience virtue. We love The Very Impatient Caterpillar book! It is so funny!

Upcoming Events

May 16 - 8th Grade Graduation 6 pm

May 20 - Pre-K Graduation 6 pm

May 21 - Last Day (9-11 am) for PS & PK

Next week we will be busy assessing for progress reports, practicing for graduation, and learning about ocean animals.

Our last Show and Tell will be on Wednesday, May 15th.

Snacks for next week:

Monday-Vivian

Tuesday-Oliver

Wednesday-Ty

Thursday-Alden

Friday-Bennett

Notes:

Graduation is quickly approaching! If you haven't sent in your paper with approximate number attending, please do so as soon as possible. Important graduation information is attached to this letter.

Our last day of school will be on Tuesday, May 21st with an 11:00 dismissal. We will be having a morning of fun with our preschool friends. Please let me know if you would like to join us!

Have a GREAT weekend!
