## *From the Desk of Mrs. Naas:*

I hope everyone enjoyed their long Labor Day weekend! It was a good, short week in 6th grade! We celebrated Kenny's 12th birthday this afternoon. He brought in cupcakes to share. It was a fun start to our weekend!

Next Monday, September 16 is midterm for 1st quarter already! Did you know that you can check your student's grades in the FACTS Family Portal? This is the same website that you used when you registered your student online. I have had all students create their own accounts and they are able to keep track of their grades. We iterate that it is very important to check grades often, and I encourage you to do the same :-)

Please continue to check your students backpack and agenda everyday. There is almost always papers that need to be seen or signed.

I truly enjoy having your kids in my class this year-I cherish everyday with them. They are such a fun group to teach. Keep up the great work at home and in their heart!

Have a wonderful weekend!

**Religion:** The Seven Sorrows of Mary

**Science:** Atoms and Molecules, Density
