## notes

I am so proud of how well these kiddos are doing with 3-digit adding! Please remember that your child should not only complete the fact practice page, but also spend a few minutes practicing these facts orally as well to build fluency. (The goal is to not need our fingers to count :) They did a great job with partner practice this week, and it was so heartwarming to hear the peer mentorship and encouragement happening in our classroom. Have a great weekend!
