What We Are Learning!

We worked on the letter H this week with our Handwriting Without Tears (HWT) Program using Play-Doh, magnet writers, chalk boards, paint dobbers, and iPads. We finished up our apple theme with the exploding apple volcanoes experiment and wrote in our journals about the experience. We cut open apples to see the star and then used the apples to stamp AB patterns. We checked out the seeds inside the apples and then painted seeds by number. We also rotated through several alphabet and math centers and practiced the rectangle. The littles enjoyed talking about pets this week and playing with our new pet care center. In Religion we learned how Jesus is our friend and loves us all.
