CONGRATS!

This year... what can I say about this year? It has gone by way to fast. Having this class as my first homeroom has been an absolute blessing! They challenged me in ways I could have never imagined and helped to make me a better teacher. Saying that I will miss this class is an understatement. They will forever hold a very special place in my heart. I pray that they remember this year fondly and be grateful for all the memories we all made together. High School is not ready for this bunch, They are going to do great things in life and I can't wait to see them grow into young adults!

With Love,  
Miss Beck
