What We Are Learning!

We had another great week learning all about bugs/insects through books, videos, and hands on activities. We did a color by number bee and caterpillar, color by shape butterfly, and a life cycle of a butterfly. We also did lady bug spots, an insect search, made a cute bee, and even made fireflies and caterpillars with our fingerprints. We played with some cool fake bugs in different types of blocks, and looked at some real bugs with magnifying glasses. We have our very own Ladybug Land where we are observing the Pupa stage and anticipating ladybugs soon! We also rotated through several fun math and science centers. In Religion we have been working on our patience virtue. We love The Very Impatient Caterpillar book! It is so funny! The littles worked on some special mom gifts and we hope you enjoy.

Upcoming Events

May 15 - 8th Grade Graduation 6:00 pm.
May 16 - 1:00 pm Dismissal
May 20 - Pre-K Graduation 6:00 pm.
May 21 - Last Day for Preschool & Pre-K (11:00 am. Dismissal)

Next week we will be busy assessing for progress reports, practicing for graduation, and learning about ocean animals.

Our last Show and Tell will be on Tuesday, May 13th.

Snacks for next week:

Monday-Kayden

Tuesday-Peyton's 5th Birthday (June 18th)

Wednesday-Sawyer

Thursday-Tinley

Friday-Mrs. Steckler

Notes:

Graduation is quickly approaching! If you haven't sent your paper in with the approximate number attending, please do so as soon as possible. Important graduation information is attached to this letter.

Our last day of school will be on Wednesday, May 21st with an 11:00 dismissal. We will be having a morning of fun with our preschool friends. Please let me know if you would like to join us!

Happy Mother's Day!
