

Thank you to our prayer partners, Mrs. Vickie, Mr. Pohl, & Erin Cunningham. They've given us a great start for snacks! 😊

AUGUST NEWS

1st Full Week Aug. 18 - 22, '25

And We're Off!

We are setting the foundation for the incredibly magical & productive year to unfold. Your children are so adorable – a fun group of little learners. They are learning the K routine and are filled with enthusiasm for all we do. However, the days will become challenging to your new Kinder as the “honeymoon” wears off. You may hear: “I like school, but it’s soooooo long.” My goal is to keep our littles comfortably paced: Productively involved without wearing them out during our time together. I’ll be flexible to meet their needs. However, seven hours of “consciously correct” behavior, & many transitions and interactions with various adults WILL be taxing on your child. Until s/he adjusts to the longer school day, I’ll get his/her very best, but s/he won’t have much left to give you at home. S/he will need your understanding. I know you’ll be patient, supportive, and comforting. Please keep in close contact as we monitor both their excitement and fatigue. 😊
