Classroom Highlights

We have had so much fun outside enjoying the beautiful weather this week!

We have worked so hard on Letter C. We have traced, colored, dotted, and spot and dotted letter C. Our book this week was

"Chrysanthemum". We made our very own mouse and counted the number of letters in our names. We also practiced with scissors and cut all the way to Chrysanthemum. They have made beautiful crafts for grandparents! We continue to work hard on practicing our names daily.

They are getting better each time!

We had the best day with our grandparents and your little had SOOO much fun! We did circle time and talked about our favorite part about the day.

Our virtue:

KINDNESS
