## What We Are Learning

We had another great week learning all about bugs/insects through books, videos, and hands on activities. We did a color by number bee and caterpillar, color by shape butterfly, and a life cycle of a butterfly. We also did lady bug spots, an insect search, made a cute bee craft, and even made fireflies and caterpillars with our fingerprints. We played with some cool fake bugs in different types of blocks, and looked at some real bugs with magnifying glasses. We have our very own Ladybug Land where we are observing the Pupa stage and anticipating ladybugs soon! In Religion we have been working on our patience virtue. We love The Very Impatient Caterpillar book. It is so funny! The littles worked on some special mom gifts and we hope you enjoy them.
