

6TH GRADE NEWS

August 21, 2026

FROM THE DESK OF MRS. NAAS

What a fantastic first full week in 6th grade! We have spent our time learning the ins and outs of how middle school will work this year, discovering fun facts about each other and adjusting to school life. Everyone seems to be catching on pretty quickly! It will take some time to get in a groove, but we'll have it down pat in no time! Middle School is a big change both academically and personally. Please reach out anytime with questions, concerns or feedback. We want to ensure that your student is thriving and getting the best care and education at St. Mary's.

Thanks for taking the time to help your student gather trinkets, print pictures, and/or write them letters to include in their 6th grade Time Capsule. These have officially been closed and will be kept in a top secret location until the last day of their 8th grade year.

I sent an email last Friday and another one today with the email addresses that you provided to the school & me. Please check your email to confirm you're receiving my messages.

I hope you all have a restful and wonderful weekend!

Social Studies: Map Skills & Geography Review

REMINDERS

--Students will be filling out their agenda everyday. This is one way to keep communication lines open at home and school.

--Students have a designated "Take Home Folder." This folder should come home everyday, along with their agenda. Look for things like the weekly newsletter, notes from the office, etc.

--Arrival time for students--doors will be open at 7:30 for students to sit in the gym. We kindly ask that breakfast/drinks are finished before they come to school.

--Chromebooks--Some teachers may ask that students complete work on their chromebooks. We allow students to take home their chromebooks in middle school. They need to use this technology responsibly and keep their chromebook free of any damages.
