Weekly Round Up

This week in Pre—K, we had so much fun learning all about apples! We learned about Johnny Appleseed and talked about the apple life cycle, from a tiny seed all the way to a grown apple tree. We also enjoyed doing an apple investigation where we had the opportunity to explore and observe apples more closely. We ended the week with watercolor painting an apple.

For phonics, we focused on the letter C and its /k/ sound. We practiced forming the letter using handwriting paths, learned songs to help us remember the letter and sound, and enjoyed reading a silly C story. We also worked on listening for beginning sounds and sorting objects based on the sounds we hear at the beginning of each word.

In math, we continued building our number skills by focusing on numbers 1—3. We practiced counting objects, recognizing each number, and working on writing the numbers correctly. It was a fun and busy week filled with lots of learning, exploring, and growing!
