New Weekly Decodable

Starting **next** week: A new book will be sent home weekly. Read this with your Kinder 3X. Back page: Work thru the skills at the top. Fill in the answers to the comprehension answers. I will not be analyzing/grading the answers, but please give them a good attempt. **Comprehension is the key to higher reading scores**, & these questions are *perfect* reinforcement. Prior to going home, each book will have been read all week in both large & small groups, so it will not be new material for your little one. Return either Friday or keep for the the week-end & return Monday. Don't overlook these as they become progressively advanced throughout the KDG year. ☐
