Words for the week of Oct. 5: bass, pass, bell, well, puff, fill.

Math: we have started our first grade curriculum. The students are using their binders to keep their math papers contained. We will continue to review math facts.

We continue to do reading centers. I am hoping that we can start Accelerated Reading second quarter.

I apologize for the amount of worksheets sent home. I am catching up from being gone. The substitute teachers had nothing but glowing remarks about the class. Thank you for returning mid-terms in a timely manner.

Religion: Father Robert visited and talked about Saint Michael.

Science: We will be discussing temperature.
