Directions of use

This design belongs to me. I have left it as a powerpoint file so teachers can edit it.

Simply insert a text box in each block to edit.

~~~~~~

This is the traditional fonts version of the newsletter for teachers who are not able to download the font below. It uses Arial.

If fonts do not appear, you may need to download "Pea Katrina" from www.kevinandamanda.com

You can download that font HERE. (right click-open hyperlink)

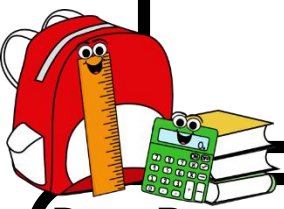

Click download now, open, double click the file, click install. You should then see the font **next** time you open powerpoint or microsoft word.

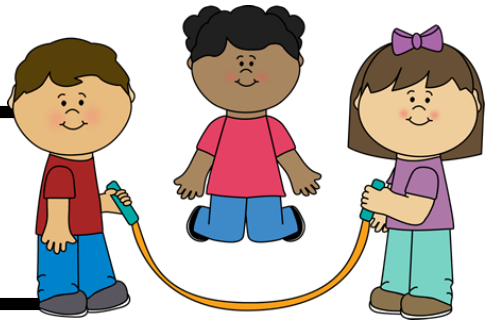

You may need to redownload this product to see the fonts appear correctly.

Hope this helps!

You may NOT post this newsletter on any website, including a classroom website, if it does not include my copyright information (which is already posted on the side of each page). I recommend deleting any slides you do not need, and saving the file as a PDF so parents cannot edit and so the fonts do not appear distorted when the file is opened.
